CAREER OBJECTIVE

- Aspiring Software Developer with strong foundations in programming, web technologies, and databases, seeking to contribute to innovative projects at Infosys while enhancing technical and analytical skills.

PROFESSIONAL SUMMARY

- **Languages:** Java, Python, SQL, JavaScript
- **Web Technologies:** HTML, CSS, Bootstrap
- **Databases:** MySQL
- **Tools:** Eclipse, Visual Studio Code, Git, GitHub
- **Operating Systems:** Windows, Linux
- **Concepts:** OOP, DBMS, Version Control, Web Application Development

PROJECT

Express Animate – Power Fast AI Animation Generator

Designed an academic system focused on prompt-based automation for content creation. Enabled generation of structured scripts, audio narration, and visual assets from a single input. Organized end-to-end workflow including prompt structuring, documentation, and asset integration. Supported creation of complete animated outputs through automated processes.

Student Health Tracker

Created a web-based application using HTML, CSS, JavaScript, and MySQL to manage and monitor student health records. Focused on data management, ease of access, and improving health record tracking efficiency.

EDUCATION

ATME College of Engineering, Mysore   **Mysuru, Karnataka**

Master of Computer Applications   **2024-present**

Vidya Vikas First Grade College   **Mysuru, Karnataka**

Bachelor of Computer Applications   **2021-2024**

INTERNSHIP

Web Application Development

- Developed interactive and responsive web pages using HTML, CSS, and JavaScript.
- Integrated MySQL for backend data management.
- Used Git and GitHub for version control and collaboration

CERTIFICATIONS

- Full Stack Development – Great Learning
- Python Programming and Automation – freeCodeCamp
- Web Application Development Basics – W3Schools
